## Questions and Answers

### How to find us

✓ By plane

Choose a flight to Zurich International Airport. Check [www.zurich-airport.com](http://www.zurich-airport.com) for further details regarding arrival and departure times. The airport is located in Zürich-Kloten, from where you can easily continue your travel to Rorschach. After having arrived at the airport go to the information desk of Swiss Railway  **SBB CFF FFS** and ask the English-speaking personnel for a train ticket to Rorschach **via Romanshorn**, which is the most convenient connection. They will be able to give you further advice. As the validity of these short distance tickets is only 24 hours, the return ticket should be bought separately (cf. following section "by train"). For further information, please check [www.sbb.ch/en](http://www.sbb.ch/en). Leave the train at the Railway Station Rorschach Hafen. On request, we can also send you a personalized detailed timetable of possible train connections.

✓ By train

For finding out the corresponding train connection to Rorschach, please use [www.fahrplan.sbb.ch](http://www.fahrplan.sbb.ch), which is also available in English language.
